

**FOR IMMEDIATE RELEASE**

**Indiana Native, National Award-Winning Author Susan Crandall Works With Best Buddies Indiana For Charity Event**

(INDIANAPOLIS, IN - January 5, 2010) Susan Crandall, author of nine women's fiction and suspense novels through Grand Central Publishing (New York, NY), will be raising money for those with intellectual and developmental disabilities at an event on January 30, 2010. From 11AM to 1PM, the author will be hosting a book signing and fundraiser at Barnes and Noble's Noblesville, IN location.

Susan was inspired to become involved with Best Buddies Indiana while writing her latest novel, *Sleep No More* (Available January 4, 2010). One of her favorite characters in the book, Maggie, has Down's Syndrome. Susan took great care to research the subject through physicians and families who work with these special people every day, and was deeply touched by the loving generosity of those she spoke with.

In honor of these children, families and physicians, Susan will be donating \$5 for each copy of the book sold at the event. Pledges and donations will be taken before the event by emailing [events@susancrandall.net](mailto:events@susancrandall.net) as well as during the event itself. Door prizes at the event will include a lunch with the author, a book package, including books by Nicholas Sparks, Susan Wiggs, Nora Roberts, Erica Spindler, Wendy Corsi Staub, and Karen White, and much more.
